Pasture &amp; Animal

Foliar &amp; Fertigation

Human Health

### Description

What is LiverLove™?

LiverLove™ is a liver food powder that provides the building blocks for key nutrients, rather than supplementing the actual requirement.

### Benefits

LiverLove™ is a potent liver food. The liver is the filter responsible for trying to manage the unmanageable in our polluted environment.

LiverLove™ provides the tools for construction of glutathione, glutathione peroxidase and SAME – the essentials for liver health.

LiverLove™ contains a rich lode of antioxidants.

Antioxidants can help counter free-radical damage.

Alpha Lipoic Acid is often called the 'master antioxidant' as it recycles other antioxidants.

LiverLove™ is a natural liver tonic based on a combination of liver foods.

### Recommended Usage

The powder should be mixed to a paste with a small amount of water before further dilution.

5 grams (1 teaspoon) is the recommended daily serving.

Each 5 gram serving contains trimethylglycine (76.68 mg), Alpha-Lipoic Acid (31.57 mg) and total selenium (100 mcg).

### Ingredients

Whey Protein Concentrate, Oligofructose, Xylitol, Vitamin/Mineral Blend, Natural Vanilla Flavours, Wild Rosella Powder, Tapioca, Trimethylglycine (TMG), Guar Gum, Lipoic Acid, Stevia Powder, Yeast, Selenium Chelate.
